To: The Shareholders of **HOCK SENG LEE BERHAD**

Dear Sir/Madam,

- (I) PROPOSED RENEWAL OF AUTHORITY FOR SHARE BUY-BACK;**
 - (II) PROPOSED RENEWAL OF SHAREHOLDER MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE**
-

1. INTRODUCTION

The shareholders had at the Thirty-fourth AGM of HSL held on 21 May 2015 approved, inter alia, the renewal of the authority for the Company to purchase up to 10% of the issued and paid up share capital of the Company and the renewal of shareholder mandate for recurrent related party transactions of a revenue or trading nature which shall expire at the conclusion of the forthcoming Thirty-fifth AGM of HSL scheduled to be held on 19 May 2016.

On 25 February 2016, the Board announced that the Company proposed to seek shareholder's approval for the proposed renewal of authority for Share Buy-Back and the proposed renewal of shareholder mandate for the Recurrent Related Party Transactions of a revenue or trading nature at the forthcoming Thirty-fifth AGM of HSL.

The purpose of this Circular is to provide you with the details and rationale of the Proposals and to seek your approval for the resolutions pertaining to the Proposals to be tabled at the forthcoming Thirty-fifth AGM of HSL.

2. THE PROPOSED SHARE BUY-BACK

2.1 DETAILS OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back is subject to compliance with Section 67A of the Act (as may be amended, modified or re-enacted from time to time) and any prevailing laws and relevant regulations, rules and guidelines as may be issued by the relevant authorities at the time of purchase(s).

2.1.1 Quantum

The Board seeks the renewal of the authority from the shareholders of HSL to purchase from time to time and at any time up to a maximum of ten percent (10%) of the issued and paid-up share capital of HSL for the time being quoted on Bursa Malaysia through approved stockbrokers.

The maximum number of Shares that may be bought back under the Proposed Share Buy-back, based on the existing issued and paid up share capital and the number of treasury shares held as at 31 March 2016 are as follows:-

	No. of Shares of RM0.20 each
Issued and Paid-up Share Capital as at 31 March 2016	582,676,000
10% of the Issued and Paid-up Share Capital	58,267,600
Less: number of treasury shares held as at 31 March 2016	33,158,781
Maximum number of Shares that may further be bought back	25,108,819

The actual number of Shares to be purchased, the total amount of funds involved for each purchase and the timing of the purchase(s) will depend on inter-alia, the market conditions and sentiments of the stock market as well as the availability of financial resources of the Company and the availability of the retained earnings of the Company.

2.1.2 Duration and Funding

The authority from shareholders, if renewed at the forthcoming AGM, shall be effective immediately upon the passing of the ordinary resolution pertaining to the Proposed Share Buy-Back and shall continue in force until:-

- (a) the conclusion of the next AGM of the Company at which time it shall lapse, unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the next AGM after that date is required by law to be held; or
- (c) revoked or varied by ordinary resolution passed by the shareholders in general meeting,

whichever occurs first.

The Proposed Share Buy-Back will allow the Directors of the Company to purchase the Company's own Shares at any time within the above-mentioned time period using the funds of the Company which will be sourced via internally-generated funds of the Company and/or borrowings. In the event that borrowings are utilised for the purchase the Company's own Shares, the amount of borrowings will depend on the amount of Shares purchased by the Company and the Company's repayment capabilities.

The maximum amount allocated for the purchase the Company's own Shares shall not exceed the latest audited retained earnings of the Company. The audited retained earnings of HSL as at 31 December 2015 is RM484,484,911.00. The Directors of the Company will ensure that when purchasing the Company's own Shares, the amount to be utilised will not exceed the Company's latest audited retained earnings reserve.

The Proposed Share Buy-Back will reduce the working capital and cash flow of HSL Group. The effect on the cash flow of the Company would depend on, inter-alia, the purchase prices and actual number of Shares to be purchased at any point of time during the period of the authority granted for the purchase the Company's own Shares. However, it is not expected to have an adverse effect on the working capital and cash flow of the Group.

2.1.3 Status of Shares purchased by the Company

The Shares purchased by the Company may be retained as treasury shares for distribution as dividends to the shareholders and/or re-sold on the market of the Bursa Malaysia or may subsequently be cancelled.

While the Shares so purchased are held as treasury shares, the rights attached to them as to voting, dividends and participation in any other distribution or otherwise are suspended and the treasury shares shall not be taken into account in calculating the number of shares or a class of shares in the Company for any purposes including, without limiting to the generality of Section 67A(3C) of the Act, the provisions of any law or requirements of the Articles of Association of the Company or the Listing Requirements on major shareholdings, take-overs, notices, the requisitioning of meetings, the quorum for a meeting and the result of a vote on a resolution at a meeting.

2.1.4 Pricing

In accordance with the Listing Requirements, HSL may only purchase its own Shares on the market of Bursa Malaysia at a price that is not more than fifteen percent (15%) above the Company's weighted average market share price for the past five (5) market days immediately preceding the date of the purchase(s).

In the case of resale of treasury shares, if any, in accordance with the Listing Requirements, the Company may only resell the treasury shares on Bursa Malaysia at:-

- a) A price which is not less than the weighted average market price for the shares for the five (5) market days immediately prior to the resale; or
- b) A discounted price of not more than five percent (5%) to the weighted average market price for the shares for the five (5) market days immediately prior to the resale provided that:-
 - i) the resale takes place no earlier than 30 days from the date of purchase; and
 - ii) the resale price is not less than the cost of purchase of the shares being resold.

2.1.5 Risk factor

The Proposed Share Buy-Back, if implemented will reduce the financial resources of the Group. This may result in the Group foregoing other investment opportunities that may be available in the future or any interest that may be derived from depositing such funds in interest bearing deposits.

However, the financial resources of the Group may increase if the treasury shares held are resold at prices higher than their purchase prices.

The Board will be mindful of the interests of HSL and its shareholders in undertaking the proposed purchase by the Company of its own shares.

2.1.6 Implication relating to the Malaysian Code on Take-Overs and Mergers, 2010

The Proposed Share Buy-Back has no implication relating to the Malaysian Code on Take-Overs and Mergers, 2010 even if the allowed maximum number of shares is purchased.

2.2 RATIONALE OF THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back has the potential of benefiting HSL and its shareholders in the following manner:-

- (a) HSL will have an avenue of stabilising the supply and demand of its Shares in the open market and thereby supporting the fundamental values of the Shares;
- (b) Where the Shares bought back are retained as treasury shares, HSL has the option to distribute these Shares as dividends to reward shareholders; and
- (c) The purchase of its own shares is expected to enhance value to shareholders from the resultant reduction in the number of Shares in the open market, all things remaining equal and also signals the focus of the Board and management of HSL on returns to shareholders.

2.3 EFFECTS OF THE PROPOSED SHARE BUY-BACK

The following are the summary of the effects of the Proposed Share Buy-Back:-

2.3.1 Share Capital

The Proposed Share Buy-Back will have no effect on the issued and paid-up share capital of HSL if all Shares purchased by the Company are held as treasury shares (see 2.1.3 on status of treasury shares) and/or distributed as dividends. In the event that the Shares to be bought back are cancelled, the share capital will be reduced by the number of Shares cancelled.

2.3.2 Earnings

The effect of the Proposed Share Buy-Back on the EPS of the Group is dependent on the purchase price(s) of the Shares, the quantum of Shares to be bought back and the effective funding cost and/or loss on interest income of HSL. Where the Shares so purchased are held as treasury shares and/or cancelled subsequently, the EPS of the Group may increase as a result of the corresponding reduction in the issued and paid up Share Capital of the Company.

2.3.3 Working Capital

The Proposed Share Buy-Back, as and when implemented will reduce the working capital of the HSL Group. The quantum will depend on the number of Shares purchased, the purchase price(s) of the Shares and the effective funding cost thereof. For Shares so purchased which are kept as treasury shares, the working capital of the Company will increase when the said Shares are re-sold. The quantum of the increase will depend on the actual selling price of the treasury shares and the number of Shares re-sold.

2.3.4 Net Assets

The effect of the Proposed Share Buy-Back on the NA per share of the Group is dependent on the purchase price(s) of the Shares and the effective funding cost thereof. If the purchase price(s) is/are less than the audited NA per share of the Group at the relevant point in time, the NA per share will increase at the point of purchase. If the purchase price(s) exceeds the audited NA per share of the Group at the relevant point in time, the NA per share will decrease. Should the Company resell the treasury shares held, depending on the price at which the said Shares are re-sold, it may have a positive effect on the NA of the Group, if there is a gain on disposal.

2.3.5 Dividends

The Company had paid out an interim single tier tax exempt dividend of 5% per Ordinary Share in respect of the financial year ended 31 December 2015. The Board has proposed a final single tier tax exempt dividend of 7% per Ordinary Share for the financial year ended 31 December 2015. Assuming the Proposed Share Buy-Back is fully implemented and the dividend quantum is maintained at historical levels, the Proposed Share Buy-Back will have the effect of increasing the dividend rate of HSL as a result of the reduction in the number of Shares entitled for dividend.

2.3.6 Public Shareholding Spread

The public shareholding spread of HSL as at 31 March 2016, being the last practicable date prior to the printing of this circular was 39.08%. The effect of the Proposed Share Buy-Back on the Public shareholding spread of the Company would depend on the quantum of Shares purchased. Assuming the Proposed Share Buy-Back is implemented in full and that the Shares purchased are from the shareholders of HSL who hold less than five percent (5%) of the Company's issued and paid-up share capital (excluding the Directors and Substantial Shareholders of HSL and persons connected to them by virtue of Section 122A of the Act), the Public shareholding spread is expected to be reduced 36.17%.

In implementing the Proposed Share Buy-Back, the Board will be mindful of maintaining a Public shareholding spread of at least 25.00%.

2.3.7 Shareholdings Structure of Directors and Substantial Shareholders

The effects on the shareholdings of the Directors and Substantial Shareholders of the Company, assuming that the Company implements the Proposed Share Buy-Back in full and the Shares to be purchased are from public shareholders, are set out in the table below:-

	As at 31 March 2016 (after taking into account the Shares purchased and held as treasury shares)				@ After the Proposed Share Buy-Back (assuming 10% of the Share Capital are purchased and held as treasury shares or cancelled)

2.4 DIRECTORS' AND SUBSTANTIAL SHAREHOLDERS' INTERESTS

Save for the inadvertent increase in the percentage shareholdings and/or voting rights of the shareholders in the Company as a consequence of the Proposed Share Buy-Back, none of the Directors or Substantial Shareholders of the Company or persons connected to them have any interest, direct or indirect, in the purchase of the Company's own shares and, if any, the resale of treasury shares.

2.5 PURCHASES, RESALE AND CANCELLATION OF SHARES AND DISTRIBUTION OF TREASURY SHARES IN THE PRECEDING TWELVE MONTHS

HSL did not purchase back any of its own Shares in the preceding twelve (12) months up to 31 March 2016, being the latest practical date prior to the printing of this circular.

2.7 CONDITIONS TO THE PROPOSED SHARE BUY-BACK

The Proposed Share Buy-Back is subject to the approval of the shareholders of HSL at the forthcoming AGM and is subject to annual renewal.

2.8 DIRECTORS' RECOMMENDATION ON THE PROPOSED SHARE BUY-BACK

The Board, having considered all aspects of the Proposed Share Buy-Back, is of the opinion that the Proposed Share Buy-Back is in the best interest of HSL and its shareholders. Accordingly, they recommend that you vote in favour of the resolution pertaining to the Proposed Share Buy-Back to be tabled at the forthcoming Thirty-fifth AGM.

3. PROPOSED SHAREHOLDER MANDATE

3.1 DETAILS OF THE PROPOSED SHAREHOLDER MANDATE

Paragraph 10.08 of the Listing Requirements stipulates the obligations of a listed issuer to comply with in relation to Related Party Transactions. However, under Paragraph 10.09 of the Listing Requirements, a listed issuer may seek a shareholder mandate in respect to Recurrent Related Party Transactions subject to the following:

- i) the transactions are in the ordinary course of business and are on terms not more favourable to the Related Party than those generally available to the public;
- ii) the shareholder mandate is subject to annual renewal and disclosure is made in annual report of the aggregate value of transactions conducted pursuant to the shareholder mandate during the financial year where the aggregate value is equal or more than the threshold prescribed under paragraph 10.09(1) of the Listing Requirements;
- iii) a circular to shareholders is issued by the Company for the shareholder mandate;
- iv) in a meeting to obtain shareholder mandate, the interested Directors, interested Major Shareholders or interested person connected with a Director or Major Shareholder; and where it involves the interest of an interested person connected with a director or major shareholder, such director or major shareholder must not vote on the resolution to approve the transactions. An interested Director or interested Major Shareholder must ensure that persons connected with him abstain from voting on the resolution approving the transactions; and
- v) the Company immediately announces to Bursa Malaysia when the actual value of a Recurrent Related Party Transaction entered into by the Company, exceeds the estimated value disclosed in the circular by 10% or more.

Where the Company has obtained a shareholder mandate in respect of Recurrent Related Party Transactions, the provisions under paragraph 10.08 of the Listing Requirements shall not apply during the validity period of the shareholder mandate.

The principal activities of HSL Group are marine engineering, civil engineering, construction and property development. The nature of HSL Group's principal activities requires a wide range of plant, machinery and equipment to enable it to carry out sizable projects in an efficient and timely manner. The ability to source appropriate plant, machinery and equipment and have access to good repair and maintenance services are critical to achieve high productivity, minimize down time and therefore achieve better profitability. It is also critical that the Group is able to have access to prompt and consistent supply of important construction materials at competitive prices.

Prior to the listing of the Company in 1996, HSL's business has been supported by various Related Parties. A commitment to priority services and consistent supply from the Related Parties has led to significant time and cost savings such as minimizing plant, machinery and equipment down time, better accessibility to specific types of plant, machinery and equipment and specialized services. This in turn contributes to ensuring projects are completed on schedule, hence minimizing the risk of costly time overrun penalties. The reliable and consistent supply by the Related Parties of critical plant, machinery and equipment, spare parts, building and construction materials, timely and flexible deliveries and competitive pricing have contributed positively to the operational efficiency and profitability of HSL. The slipway facilities and modifications to heavy machinery and marine plant are not services that are easily available in the market, yet are critical to maintaining HSL's market niche. For the supply of essential building materials such as aggregates, concrete building materials and asphalt pre-mix, it is also important that the Group is able to secure a reliable supply.

In view of the above, the Board is seeking approval from the shareholders of HSL for the Proposed Shareholder Mandate to allow HSL Group to enter into Recurrent Related Party Transactions with the Related Parties as set out in Section 3.1.1 of this Circular. The Recurrent Related Party Transactions will be subject to the review procedures as set out in Section 3.1.2 of this Circular.

3.1.1 Classes and Nature of Related Party

The Proposed Shareholder Mandate will apply to the following classes of Related Party:-

- Directors;
- Major Shareholders; and
- Persons connected with the Directors or Major Shareholders.

The Related Parties include companies with shareholdings by Dato Yu Chee Hoe, the estate of late Yu Chee Lieng, Datuk Yii Chi Hau and/or the Lau Brothers and/or persons connected to them.

The Audit Committee of HSL has overall responsibility for reviewing of all Related Party Transactions. The review and approval of Recurrent Related Party Transactions are governed by a set of guidelines established by the Audit Committee of HSL and the salient features of the guidelines are as follows:-

- i.) The recurrent Related Party Transactions are entered into at prevailing market prices on terms not more favorable to the Related Party than those generally available to the public. Where practical and feasible, quotations will be obtained from unrelated third parties to ascertain appropriate market prices. At least two other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities. In the event that quotation from unrelated third parties cannot be obtained, the transactions price will be determined by the Group based on the price offered by/to other unrelated third parties for the same or substantially similar type of transactions and that the Recurrent Related Party Transactions are not detrimental to the Group. The information on market prices shall be updated periodically or at any shorter interval where there is significant price fluctuations as determined by the Audit Committee of HSL.
- ii.) Related Party must provide priority services and supplies and other qualitative considerations more favourable than that available from third party suppliers.
- iii.) For certain specialised or one off transaction where quotations from independent or third party suppliers are not available, the Audit Committee shall review the type and nature of the transactions to satisfy that the transactions with Related Parties are entered in the best interest of the Company. The Audit Committee of HSL shall take into account factors including pricing, quality, priority service, speed of delivery, good supply logistics and other factors which contribute to the operational and administrative efficiency of HSL and ensure that the overall terms are fair and reasonable and in the commercial interest of HSL.
- iv.) The Company shall maintain proper records for all Recurrent Related Party Transactions which are entered into pursuant to the mandate approved by the shareholders and disclosure of such Recurrent Related Party Transactions shall be made in the annual report. If the actual aggregate value of the Recurrent Related Party Transactions entered into by the Group exceeds the estimated value disclosed in the circular to the shareholders on the proposed mandate by 10%, the Company shall make an immediate announcement to Bursa Malaysia.
- v.) The internal auditors will review the Recurrent Related Party Transactions and ascertain that these guidelines and review procedures for Recurrent Related Party Transactions have been complied with. The Audit Committee will review the internal audit reports and in the course of review of the transactions, the Audit Committee may, as it deems fit, request for additional information pertaining to the transactions from independent sources or advisers.
- vi.) There is no threshold for approval of Recurrent Related Party Transactions as all are reviewed and approved by the Audit Committee and the Board. Where any Director has an interest (direct or indirect) in any Related Party Transactions, such Director shall abstain from voting on the matter. Where any member of the Audit Committee of HSL is interested in any transaction, that member shall abstain from voting on any matter relating to any decision to be taken by the Audit Committee of HSL with respect to such transactions.
